THE SPIANS WHO PLAYED HERE IN DAYS GONE BY

Letters from old time vaudeville artists who delighted Honolulu audiences when the various theatres were under separate managers, gives very interesting accounts from the four corners of the world. Receipts from letters of the various pros from different parts of the world tell of their success and in all cases they speak highly of Honolulu as a show town.

Barnes and West who are at present in Australia in a breezy letter tell of their travels. After showing in dear old "Lunnon Town" they invaded South America for the second time and were warmly received. They played in Buenos Ayres for two months and made a record for themselves as all other acts never show for more than a month.

The two English papers in the big South American Metropolis speak very highly of their work. Miss West is credited with being the cleverest lady dancer that ever worked in South America. George Barnes eccentric dancing was the talk of the town. The Spanish, French and German papers were also loud in their comment of the clever Yankee team. Their litho which will be recalled by Honoluluans of two years ago created no end of the comment in the land that the Monroe Doctrine keeps intact.

After doing South Africa they embarked for South Africa where they were also well received. They visited the diamond regions and are proud to herald the fact that they found a Yankee in charge of the biggest Diamond Concern of the world. They regard South Africa as a whole but principally Johannesburg as a very good show town.

They are at present in Australia and touring the Kangaroo land from East to West. They will remain in Australia the rest of the year. The early part of January they will set sail for Manila and after showing in Manila will sail for Honolulu, playing enroute in China and Japan ports. They will show here for a few weeks around spring and from here will go to Los Angeles where Miss West has an orange orchard and to quote her "I will run wild among the flowers and fruits in Los Angeles and say farewell to my theatrical career."

Alberto, the boy deceiver, is another aspirant for membership in the Comeback Club. He played in Canada the Northwest, the Middle West, and is now in New York where he is extracting laughs and bank notes right and left. He looks forward to his return to Honolulu on his way to his home "Australia" where the horses comes from.

Golding and Keating who will be remembered as showing at the Empire, are now on the Hotkins time doing the South and the Middle West. Miss Keating is drawing strong and is constantly referred to as a second Toby Claude. This little pocket edition comedienne who hails from the Land of the Kangaroo is on the high way to success. Late advices announce that she will shortly be on her way to Honolulu.

WOULD PUT LYMAN BACK IN OLD JOB AS TRUSTY

HILLO, Oct. 22.—Supervisor Austin, in all seriousness, has made the suggestion that Rufus Lyman, the former deputy county clerk who is now in jail on the charge of embezzlement, should again be placed in that office as a trusty, to continue his former work, but without his former salary of course. Austin says Lyman had the details of the county clerk's business at his fingers tips and understood it better than any of those now endeavoring to attend to the work. Lyman at present is chef at the Kau road jail.
